

College Logo

VISION:

Strive to:

- Foster character building and nurturing the inquisitive spirits of students.
- Encourage scientific temperament and strengthening social bonds.
- Produce confident, determined and disciplined leaders for tomorrow's challenging world.

MISSION:

- Every student should grow in holistic educational environment to become an effective and productive citizen.
- To introduce job oriented subjects so that students are not only made employable but also innovators and job creators.
- To provide maximum facilities in the curriculum by keeping pace with the advanced knowledge of science and technology.

Principal's Message

I am delighted to welcome you to Sheikh Ul Alam Memorial Degree College website. I hope to convey the passion and enthusiasm that both staff and students bring to all that they do here, making the college a wonderful place to learn.

Renowned for exclusivity and ability to educate the whole person head, heart and soul, we understand that education of young people is not only a responsibility but a privilege.

Choosing a college can be one of the most challenging and difficult decisions a parent needs to make and it is really an investment in your child future. A college should offer an abundance of opportunities for students to explore experience, learn, find their strengths and to become the very best person they can. Hence I would encourage each and every parent to look for a college that best suits the needs and interests of their children.

The staff here are highly professional and their commitment under pins the warmth and strength of the college community.

If you would visit our college I would encourage you to book a tour and come and see the facilities, programs and educational opportunities our college can offer your child.

I look forward to meeting you,

Prof. (Dr.) Yasmeen Ashai

Departments

Department Of Computer Applications

In modern era computer science and information technology has become overwhelmingly pervasive and as a vocational course provides job opportunities to the educated youth.

Learning is a continuous process and does not end with the acquisition of a degree, especially because steady and rapid advances in computing technologies shorten the life of tools and techniques prevalent today. Therefore we do not aim to make our students walking manuals of any language or package. Instead, they are given a strong foundation in computer science and problem-solving techniques, and are made adaptable to changes.

We believe that this approach to teaching-learning, coupled with practical experience equips our students to handle the challenges posed by the software industry. I am confident that you will find our students worthy of any organization.

Prof. Owais Shafi

HOD

Department of Computer Applications

Faculty Profile:

1.	Prof Maqsood Hussain	Associate Professor	
2.	Ms.	Contractual Lecturer	

Department Of Chemistry

Chemistry is the study of matter and energy and the interaction between them. It is called the "Central Science" as it connects other science to each other. The objective of the study of the subject would help us to understand the world around us. A basic understanding would help us to read and understand the product labels and execute informed discussions. It teaches us the basic skills to understand the current events besides pollution, the environment and technological advances. It represents the heart of our basic needs i.e, food air and water. It opens up huge career options. The analytical skills make a student of chemistry market friendly to earn his livelihood anywhere in the globe. Chemistry is a fun for everyone.

The Department Was established in 2010 and comprises of Two (02) well equipped laboratories, a store for chemicals and a gas chamber besides the office. Each laboratory can accommodate 24 students at one time for the practical work. The department offers graduation in the subject. There is a scope for research as well.

HOD

Prof. (Dr.) Syed Tanveer Indrabi.

Faculty:

S.no	Name	Designation
1.	Prof (Dr.) Syed Tanveer Indrabi	Associate Professor
2.	Mrs. Hina Qadri	Assistant Professor
3.	Mr. Imran-Ul-Haq	Contractual Lecturer
4.	Mr. Aarif Gul	Contractual Lecturer
5.	Mr. Abdul Gani	Lab. Assistant
6.	Mrs. Zamrooda	Lab. Bearer

Department Of Botany

The Department of Botany, of this college is currently catering to the educational needs of over 200 students enrolled with the college for undergraduate course in Botany. The Department is currently manned and managed by three staff members; two members of teaching staff and one laboratory bearer. The Department of Botany is equipped with two capacious and reasonably good (in terms of the equipment available) laboratories for conducting experiments prescribed in the undergraduate syllabus framed by the University of Kashmir. A Botanical Garden is also being established to provide ready access to the plant material required for practical work. Though the department is in its infancy and still has to go a long way to provide facilities and create means and avenues for the students to prepare them for higher courses and research in the subject yet, some sophisticated equipment including an overhead projector, a Trinocular microscope, two computer desktop sets and an interactive board are in commission to facilitate the learning of students.

The teaching as well non-teaching faculty of the department is making their best efforts to train and mould the students and for preparing them for the challenges of the practical life yet, the department, being young, also has some deficiencies and lacunae which need be removed in the interest of the student community as well as the local populace and in the best interest of the college itself. Such lacunae if unchecked become a hurdle in the development of an academic institution especially that endowed with responsibility of providing higher education. The following facilities if provided to the department will help it grow and develop further:

- 1. Departmental Library**
 - 2. Museum**
 - 3. Internet facility**
 - 4. Experienced field staff (gardener) for maintaining botanical garden**
 - 5. LCD Projector**
 - 6. Instruments for conducting practical work of B. Sc. Final Year**
- **Other equipment includes:**
 - a. **Micro-wave oven**
 - b. **Distillation plant and**
 - c. **An autoclave**

Department Of Political Science

The department was established in 2005 right at the time, the college was established.

The department offers undergraduate course in political science which covers wide range of topics from political theory/philosophy, international relations, comparative politics and national politics and national politics of India. The course is mainly aimed to provide a basic conceptual and theoretical grounding to the students aspiring to attain excellence through teaching and research. The understanding of the course has a direct bearing on the capability of the student to undertake post graduate studies and research assignments in the discipline.

The courses are, however, helpful to students seeking a career in civil services, law, management and social work. The department has all the necessary infrastructure and expertise for lively and interactive understanding of the subject. The department also

conducts debates and seminars on current political issues which help students in relating their conceptual knowledge with the concrete social reality and its interpretation by human agency.
