

REPORT OF WORKSHOP (DIGITAL PAYMENT SYSTEM) CONDUCTED UNDER
VITTYA SAKSHARTA ABHIYAN IN AMAR SINGH COLLEGE

The J & K Bank conducted a five days training workshop covering all colleges of Kashmir division under Vittyta Saksharta Abhiyan in Amar Singh College Srinagar from 21st December, 2016. The NSS Volunteers and NSS Programmes officers of SAM Degree College also attended the training work shop on 21st and 23rd Dec, 2016. The aim of the workshop was to sensitise groups of students about digital modes of payment who can then become ambassador for spreading the knowledge of digital cashless transaction in their respective villages so that the message and knowledge of cashless India reaches to every corner of the country and everyone starts realizing that digital payment systems are easy, secure, convenient, transparent and ultimately will reduce mal practices like corruption, use of black money etc. The trainers of the workshop informed the students about services of mobile wallets like paytm, mobile quick services, prepaid cards etc.

The students and NSS Programme officer in response to work shop started training the local shop keepers and vendors of the Budgam District to encourage them about the use of cashless transactions.

The college is already in practice of digital transactions. The collection of fee from the students and payment of salaries of the employees, payment of bills to suppliers etc is already done through digital mode. Also the attendance of employees is ensured through Biometric Aadhar System. The college will ensure that wherever it is not in practice of digital payment system it will adopt the digital mode in future.

REPORT OF WORKSHOP (DIGITAL PAYMENT SYSTEM) CONDUCTED IN THE
COLLEGE BY CSC, BUDGAM

The NSS Programme Officers on 26-12-2016 arranged a one day workshop in the college by CSC, Budgam to provide digital financial literacy to students. The trainers educated the students on the various options available to them about digital payment mode. The students were made aware about mobile wallets and UPI enable mobile app. The effort was made to train students who can then educate illiterate persons in their respective localities so that everyone becomes aware about cash less transaction without facing any difficulty as this mode of transaction is easy, convenient and secure for everyone.
